## PROFESSIONAL HOME ENERGY AUDIT

Viridiant's Home Energy Audit is your first and best tool for identifying the smartest ways to reduce energy costs and make your home more comfortable. **Viridiant offers in-home and remote audits by building science experts to help you understand your home and where your energy dollars are going.**

Walk-through audits take about two hours and are just \$45 for most homes.\* They include a top-to-bottom inspection and a customized report that lists prioritized recommendations. Viridiant also offers optional advanced diagnostic services (infrared, duct leakage test, etc.) as options.

Interested in solar panels? **Viridiant conducts free solar evaluations** to help you determine the costs and benefits of a solar array on your home.

## KEY SERVICES

- **Home Energy Audits:** Home energy audits are inspections of homes to identify energy saving potential, health and safety issues, durability concerns, solar potential and more.
- **Financial Tools:** We provide information, access, and technical support for energy efficient mortgages (EEMs), utility company rebates, government incentives, and more.
- **Solar:** We are here to explain the technology and economics to see if you're a good candidate for an affordable solar array.
- **Consulting, Design, & Referrals:** Our expert staff can help with design solutions for new homes and renovations by specifying HVAC equipment, connecting you to the best installers and builders, and more.
- **Educational Services:** Viridiant is committed to community education. Contact us if your group is interested in hearing from one of our expert staff on a range of topics.

## CONTACT

*Whether your home is new or old, big or small, we're a local non-profit with a mission to help answer our neighbors' energy questions.*
